

SUSAN HARPER
MYSTERY DEPTHS RETREAT
NOVEMBER 3-8, 2017 KOYASAN, JAPAN

This Mystery Depths retreat awaits those who love to inquire, who dare to listen at the edge and in the depths—to be in the frontier conversation—who are aware of the adventure of courting the unknown.

This week is devoted to practices of awakening, and courtship of the mystery.

Treat yourself to a luxurious time of moving, meditating, musing, and dancing in a self-regulating process that is nourishing, and organismically wise.

WHAT WILL WE DO?

In nourishing exploratory movement dives, we slow down, and transform through gentle breathing, primordial vocalizing, and engage a multi-faceted movement range that is dynamic and subtle.

We melt and restore in spacious Silence. We refine our ability to sense intrinsic movements, and the fluid forces of creation to guide our creative unfolding.

This retreat includes a "soul quest" time where we are in collective silence for 36 hours. As we deepen, each of us awakens our unique mystery-opening capacities. The beauty of our spontaneous personal discoveries, our co-creating with each other, and with the cosmic planetary unfolding, expands our minds and opens our hearts. As we plumb the depths together, outworn skins shed, healing happens, and we emerge with a deepened and heightened sense of creativity and love.

SUSAN HARPER opens portals of exploratory consciousness. She has the ability through demonstration of sounds, breaths, and movement to transmit a primal and spiritual fluidity that inspires participation resulting in embodied innovative discoveries. She has been teaching and contributing to Continuum since 1975. Susan brought Continuum to Europe for the first time in 1992. Her work is inspired by Hubert Godard with whom she co-taught for many years.
