CONTINUUM WILDERNESS DEPTHS RETREAT

JUNE 16-23, 2017 BUCKHORN SPRINGS ASHLAND, OR

Treat yourself to a luxurious time of moving, meditating, musing, and dancing in a self-regulating process that is nourishing, and revelatory.

We refine our ability to sense intrinsic movements and the fluid forces of creation to guide our healing and creative unfolding.

We move and engage perceptually in the surrounding wilderness and meet what is still wild and full of mystery within.

With curiosity we feel sensation rich feelings, as we dare to love, weep, laugh, and meet the splendor and 'terrible beauty' that the river of life delivers.

This Continuum Wilderness Depths Retreat awaits those who love to inquire, who dare to listen at the edge and in the depths and who are aware of the adventure of courting the unknown.

WHAT WILL WE DO?

In deep long movement dives, we slow down, and transform through gentle breathing, primordial vocalizing, and engage a multi-faceted movement range that may be both dynamic and tender. We explore the intelligent dynamics of the elements—water, air, fire, earth, and space—in our bodies; deepening our inherent connection to the wild breathing planetary body. We melt and restore in spacious Silence.

This retreat includes a "soul quest" time where we are in collective silence for two days. As we deepen, each of us awakens our unique mystery-opening capacities. The fecundity of our spontaneous personal discoveries, our co-creating with each other, and with the cosmic planetary unfolding expands our minds and opens our hearts. As we plumb the depths together, our worn skins shed, healing happens, and we emerge with a deepened and heightened sense of creativity and love.

Buckhorn Springs Retreat Center offers a beautiful hand-crafted meeting room, garden grown meals, mineral springs in a stream that runs through acres of forests and meadows. This is an ideal indoor and wilderness setting for a Continuum Wilderness Depths Retreat. Ours is the only event happening at Buckhorn.

SUSAN HARPER opens portals of exploratory consciousness. She has the ability through demonstration of sounds, breaths and movement to transmit a primal and spiritual fluidity that inspires participation resulting in embodied innovative discoveries. She teaches internationally and has been contributing to Continuum since 1975, and has taught 100s of Continuum Depths Retreats. Hubert Godard, David Whyte, Michael Meade, and Lama Drimed inspire her this theme.
